PHILIP MORRIS U.S.A. INTER-OFFICE CORRESPONDENCE
120 PARK AVENUE, NEW YORK, N.Y 10017

TO: Barry J. O'Brien DATE: April 3, 1985

FROM: Roy K. Anise

SUBJECT: Plan-O-Gram Priorities

I have received requests to perform a Plan-O-Gram analysis on the following:

# of P.O.G.'s to Evaluate	Account
18	Kroger
1	Dixieland
2-3	K-mart

The requests for analysis are independent of each other, and as such the setting of priorities may often result in a "first come, first serve" method, for lack of a more structured system.

This method of setting priorities does not reflect the actual urgency associated with an analysis, and as such some low priority analyses may come at the expense of high priority analyses.

I believe this situation will only become more exacerbated as utilization of the P.O.G. system increases.
